### **DETAILED ACTION**

1. In response to the previous office action, Applicant has amended 21 and 29 and cancelled claims 1-6, 8-20, and 36-40. Claims 21-25 and 27-35 have been examined.

#### ***Allowable Subject Matter***

2. Claims 21-25 and 27-35 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

Claims 21 and 29 as amended recite the re-encryption of a template at the certificate authority, using a decryption with the CA's private key and a re-encryption using a user's public key. Though these particular decryptions and encryptions are commonly done in the art in processing certificate signatures, no art could be found that would suggest the operation being performed on the template itself.

All other claims would be allowable based upon their dependency upon an allowable base claim.

#### ***Conclusion***
